Dear Parents:

There will be limited counseling available at the ABLE Charter campus in the fall. Therapy will be by appointment only scheduled by the therapist.

If you are interested in having on-site therapy for your child, please complete the attached form and return it to the office at ABLE or mail it to the above address.

If your child is receiving therapy at another location please continue with that therapist for continuity and also because spots at ABLE will be very few and far between.

If you have any questions, please call me at the above number. I will want to interview interested parents before I begin seeing your child.

Sincerely,

Lise Bachman-Karnes

LMFT 51386 (Licensed Marriage and Family Therapist)
