A Message from ABLE Superintendent Clem Lee

Greetings, ABLE Students and Families!

Two weeks down in the new year - with most of us settling into a solid routine for success.

I am extremely proud of our ABLE students and grateful to their wonderful families. The return to in-person learning embodies the good will, spirit, and dedication that are inherent in the ABLE culture. Are there challenges before us after a year and a half in distant learning? Absolutely.

But ABLE will beat this!

When COVID exposures visit ABLE – and they will, rest assured that the most current guidelines from the Center for Disease Control and Prevention will be followed.

Drop off and pick up were difficult at first but have improved tremendously. Most parents have been wonderful. Unfortunately, these activities can often be affected more by the actions of a thoughtless few than by the cooperation of the many. A couple of thoughts:

- A mere 5-10 minutes earlier in the morning pays off!
- Selfishness *DOESN'T* pay.
 - ✓ Walking across the double yellow line on Inglewood is an accident waiting to happen. Please don't.
 - ✓ Turning against the flow of traffic creates disorder; please follow directions.
 - ✓ Speeding is just bad!
 - ✓ Parking in the Cash and Carry lot – or any other nearby parking lot - to walk in and pick up your child may seem like “no harm, no foul.” No problem if you want to park off-site and walk in. The walkup pickup line moves quickly now. But we can't be a bad neighbor in the process. We will begin to enforce this in the coming days.

As I walk about campus, the site of students engaged in their studies under the direction of the best teachers anywhere is uplifting. This is going to be a GREAT year.

**Remember, Monday, September 6
is
LABOR DAY.
School is closed and will resume on Tuesday.**

And, always, for the latest information about ABLE Charter Schools, check the website: www.ablecharter.com.

Be healthy and safe!

s/Clem Lee
